

# The Cries of The Lamb

*"For we know that the whole creation groans and labors with birth pangs together until now."*

*(Rom 8:22)*

In the spiritual world, the lamb of the earth release forth her cry unto God: "If my land cries out against me, and its furrows weep together". Prophet Jeremiah heard her cries as he said, "How long will the land mourn, and the herbs of every field wither?" (Jer 12:4) Prophet Joel and Hosea heard those cries too (Joel 1:10, Hos 4:3).

The iniquities of the land do defiled the earth as described in Levities 18:25,28. A prolong drought is often a sign of divine displeasure and judgement (Hag 1:11; Dt 11:17). Whatever happens to the land is an indicator of heaven's answer: "Thus I will make the land desolate, because they have persisted in unfaithfulness" (Ezk 15:8). It was a clear prophetic judgement expressed through the decree of teacher Ezra: "which you commanded by your servants the prophets saying, 'The land which you are entering to possess is an unclean land, with the uncleanness of the peoples of the lands, with their abominations which have filled it from one end to another with their impurity.'" (Ezra 9:11)

When the land is cursed, it is often the direct consequences of man's sin (Ezk 14:13-19; Dt 28:42). Likewise, the land is blessed when the people lived in righteousness (Lev 26:4-6). When God's people turned from their wicked way, God will heal the land (2 Ch 7:13-14). Then He will bless the earth with the promise of Deuteronomy 28:12.

An eventful incident happened on 23 April 2015 when there was a Chile Calbuco volcanic eruption. It erupted a second time on 28 April 2015 again. The ash cloud shot as high as 40,000 feet and explosion lasted 90 minutes. The lava flowed into the Chapo lake. There was an immediate evacuation from the town of Ensenada, at base of the volcano. 1,500 residents fled within a radius of 20 km from the volcano. There were 10 eruptions since 1837. The last eruption was 1972. Now 33 years later, it erupted.

It was a prophetic sign that the second major Pentecostal revival is on her way here. The feast of weeks (Pentecost) being on 23-24 May, God is going pour out fire glory in the power of Pentecost. Like the volcanic explosion, there is a coming revival explosion of glory. A new healing revival shall overshadow the last move. A new and greater Pentecostal experience of signs and wonders will eclipse the former days. The wings of revival glory shall spread her pinion wings across the earth (Heb 2:14).
